

# Scream

As you walk through  
The gloomy lobby.  
You feel coolness  
In the breezy air.  
Death,  
You could feel it.  
*Was it coming or had it*  
*Already happened?*  
You may never know.  
You were going up to your  
Room when it all  
dropped.  
The floor fell from beneath you,  
There being nothing you  
Could do but  
Scream.
